Summary of complaint:

(if necessary, attach more pages)

There were two unwarranted narcotics raids on my residence at 100 Kinross Dr. #18 @ Walnut Creek, Ca. in or about April 2014. I am 60 years old, and was having Mormon bible Study at my house when one of the two full blown raids took place, dogs, battering-ram, guns, 9 officers, in search of some guy name Cris Escobar, who doesn't reside at my residence. I have no police record ever! I come from Boston. I will ask that the courts request names of detectives in charge, names of officers involved. My 14th Amendment Rights were trampled upon, we were frightened, and have witness, all documented.

Dear Sir / Ma'am,

these two raids took place in April 2014 approximately, there about, and Walnut Creek detectives, (Narco Division) has full records of both incidents. I went to Walnut Creek P.D. 7-22-15 to get information, detectives supervising raids, officers names by swing shift Sgt. Hibbs. He was uncooperative, stand-offish, evasive, and would not assist me with obtaining any info on detectives names. I have about 9 witnesses to both raids including church personnel, present during bible study at my residence when one raid occurred,
